## HOLY EUCHARIST PARISH

24 July 2016

10th Sunday After Pentecost

24 Липня 2016 р.

## **faith as a grain of mustard seed →**

Can we not produce in our souls something so tiny? What would it take to be able to possess such faith? How do we preserve or maintain what little faith we have? How do we build up faith? We know that "faith is a gift" from God. But we also know that we can lose that gift. What are we to do? As with any gift - we must use it... we must do something on our part to maintain it or it will start to rust, to fall apart, to lack strength when we really need it. We build upon God's gift of Faith (often passed on to us by our parents, spouses or a friend) by maintaining a daily prayer life. We deepen our Faith by delving into the Word of God. How could we possibly ignore the most important book in the history of the world? The Word of God, the Bible, is a "living" word that speaks to us! If we give it a chance. We increase our faith by living it... practicing it! By every Christian act of charity or Evangelization or by sharing the truth of our Catholic Faith our Faith is strengthened. Finally, the Lord will give us a stronger Faith if we... ask Him to do so in prayer! "Ask and it will be done unto you". We need faith to live in this world. The people of the world desperately need us to have a strong, bold faith and to share it with them.
