The **Synod of Bishops now under way in Ukraine** is a gathering of the highest legislative and judicial authority of our Church. It is a gathering of the **shepherds** of all members of the Ukrainian Catholic Church around the world. Our bishop - Metropolitan **Lawrence** Huculak - is there among them sharing ideas and the experiences from the Archeparchy of Winnipeg and he, in turn, will bring back to us ideas and new texts and regulations and guidelines that ALL the bishops have agreed upon for our brothers and sisters in the faith around the **WHOLE** world. The theme of this year's synod was simply "prayer". We all know that Christ made prayer a priority and made it clear that the Church needs us to be a people of prayer for the Church to thrive. We see in the world and even in the Church that when people neglect prayer (which is our conversation and relationship with God!) things start to go badly and even become tragic! By not talking with and listening to our Lord through continuous prayer, we are saying to God, "we will do it on our own... the way we want). The way we do it soon falls short of what we need and hardship and tragedy ensues. Most of us, alas, have experience of this in our lives. The bottom line is—if we have the best possible advisor and provider available to us and Who truly loves us and already said that He will give us whatever we ask!.... why would we reject Him and try to do it alone?
