

28 July 2019

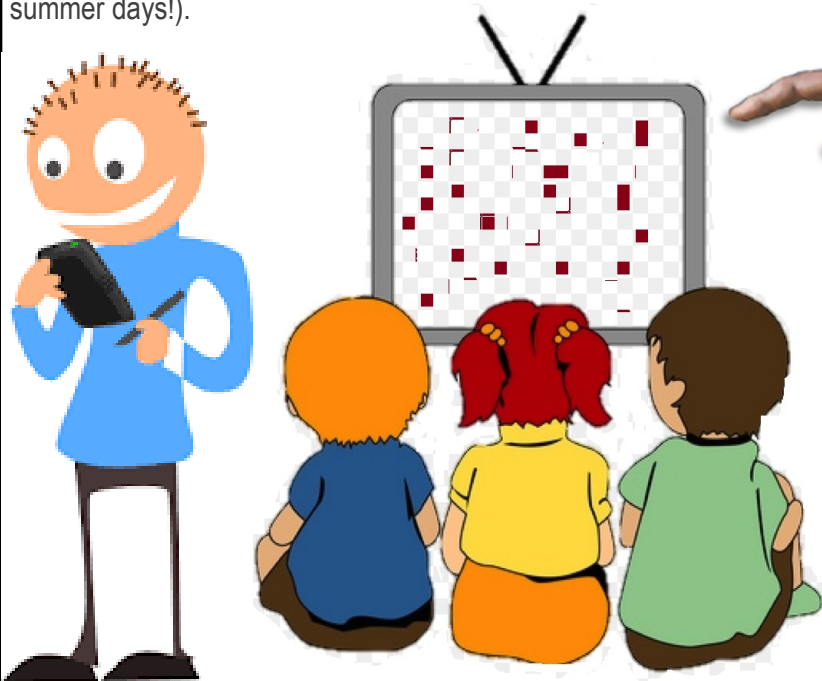

7th Sunday after Pentecost

28 липня 2019

A 2017 report found that Canadian young adults (18-34) have their eyes locked on to screens about 5 hours per day! ...another study concludes that we check our phones about 58 times a day. Yes, we love the convenience of technology, but let's not let it consume our lives (especially during the beautiful summer days!).

"Don't waste your life watching other people's 'stuff'!"

"Make worthwhile stuff to enlighten and help others!"

Let's get outside... walk... talk with people... visit them... waste less time watching (fake) news and irrelevant news... pray more... read more... and, if we are skilled with technology... how about creating and posting videos and blogs about our faith and just promoting our Catholic values through short movies and fun websites (our parish would support that!). But better yet, why not just take a break from screens altogether and reduce the time that we use them and just enjoy the real world and the real people in this world!?

FOR A HOSPITAL VISIT, CALL THE CLERGY DIRECTLY - Please don't procrastinate. If some one is taken to hospital let your priest know. It's quite unfair to wait until the person can not communicate or receive Holy Communion. It's called Anointing of the Sick - not "last rites"
